SmartLinks

OVERVIEW

Island Pacific has a number of standard interfaces to connect to third party applications which include:

Omni-Channel Link

For retailers who need a centralized view of all channel product activity. Standard interface to SmartOrder, SmartOmni and SmartStore.

- *Can interface to 3rd party applications.*
- *Supports 3rd party sales feeds for real time stock.*
- *Supports 3rd party order feeds for Click and Collect and Customer orders.*
- *Supports 3rd party Omni-channel systems where SmartRetail is the system of record for real time stock.*

Business Intelligence Link

Island Pacific SmartAnalytics provides an extensive reporting and business intelligence tool. However for customers that have already invested in their own business intelligence tool, Island Pacific Business Intelligence Link provides a seamless way to integrate from Island Pacific SmartSuite and provides the following key benefits:

- *Extends more than 80 core SmartRetail tables to be consumed by any 3rd party BI tool.*
- *Replaces Enterprise reporting.*
- *Integrates with MS Power Business Intelligence.*
- *Provides Dashboards, Reports and MS Excel data mining.*
- *Allows for multiple external data sources to interface with core SmartRetail data.*

Warehouse Link

Island Pacific Warehouse provides an extensive Warehouse system which is fully integrated with Island Pacific SmartSuite. However for retailers who already have a third party warehouse application Island Pacific Warehouse Link provides a seamless way to integrate from Island Pacific SmartSuite and provides the following benefits:

- *Island Pacific Warehouse Link assists integration from third party applications into Island Pacific SmartRetail.*
- *Full interface into Island Pacific SmartRetail.*
- *Features include:*
  - *Cycle counts.*
  - *PO receipts*
  - *Allocations.*
  - *Purchase Orders.*
  - *Products.*
- *Support full WM interface to 3rd party Systems or 3PL*
  - *Manhattan DOM, PkMS.*
  - *Snatt Logistica.*
  - *TNT.*
  - *Trade Global.*

Finance Link

Island Pacific has its own Retail Financial module. The Island Pacific Finance Link works in conjunction with Island Pacific Finance and provides the following key benefits:

- *Extends the Finance module to allow easy integration to 3rd party Financial systems.*
- *Assumes Accounts Payable matching will be done in Finance module.*
- *Automatically cheek's the payment interface as well as user selected journal interfaces.*
- *Requires Island Pacific Finance Modules.*
